Board's Message – September 2011

We know that membership in our club can save our members money and make it easier to enjoy the Central New York winters. The board would like all of our members to get the word out to their friends and relatives. We need to let them know what kind of savings we offer, and all the events our club does. A strong and varied membership base ensures that the club can keep doing more for its' members.

Let's make sure this year is a year our club gets bigger and stronger so we can keep doing the all the things our members enjoy .

Help spread the word !
